

# New school year goal sheets

Sit with your child in the first week of school and choose two or three goals together. Pick things your child can do, not marks.

**Ideas if your child is stuck:** read a book with someone every night, put my hand up once a day, say hello to a new friend, pack my own bag, try the hard sum before asking for help.

# My goals for this school year

For older children to fill in, with a parent nearby. A good goal is something you can do every week, even when results go up and down.

### Goals that work

- Read for 15 minutes before bed
- Ask one question in class each week
- Practise ting xie words on two evenings
- Try out for a CCA or a new club
- Check my work once before handing it in
- Pack my bag the night before

### Grown-up tips

- Let your child choose the words. Your job is to make the steps small.
- Praise the trying: "You kept going with the reading."
- Set your own goal too, and share how it is going.

# Look back each term: 2027

At the end of each term, look at the goals together for ten minutes. Change a goal if it no longer fits; that is part of the plan.

Holidays in between: 13 to 21 March, 29 May to 27 June, 4 to 12 September, and from 20 November.

**Questions for the look-back**

- What are you proud of trying this term?
- What got in the way?
- What is one small change for next term?
- How can I help you more?

**My grown-up's goal this year**

For example: no phone at dinner, or one outing a month together.

**Goals to grow with, not a report card.** Nothing here is marked or scored. A goal that changes or takes longer is still a good goal.
